### DETAILED ACTION

1. This action is responsive to communication filed 7/28/05.

#### ***Allowable Subject Matter***

2. Claims 1-44 (renumbered claims 1-44) are allowed.
3. The following is an examiner's statement of reasons for allowance for independent claims 1, 12, 23 and 34. The prior art fails to teach the critical elements of using a function method that represents a modified first order difference vector, using a length operator to obtain a scalar value that represents a value of a change in a vector sequence and detecting a local maximum of the scalar value. These features in combination with other features are not taught in the prior art. The remaining dependent claims 2-11, 13-22, 24-33 and 35-44 depend on the independent claims. Therefore, are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
